

ZAXIS-7 series

HITACHI

Reliable Solutions

ZAXIS 95US / USB

HYDRAULIC EXCAVATOR

Model code : ZX95US-7

Engine rated power : 50.4 kW

Operating weight : 8 320 – 9 020 kg

Bucket ISO heaped : 0.28 m³

Model code : ZX95USB-7

Engine rated power : 50.4 kW

Operating weight : Mono boom : 8 760 – 9 460 kg / 2 Piece boom : 9 150 – 9 850 kg

Bucket ISO heaped : 0.28 m³

You're in control

You're at the heart of the design for our latest range of excavators. To continuously improve on previous generation machines we've focused on enhancing your experience in the cab as an operator.

We've considered the challenges you face as the owner of a successful business. And we've zoomed in on the ways in which we can support you over the life cycle of your machine.

By putting you at the heart of the Zaxis-7 range, we invite you to take control – over your workspace and your fleet. And by working in partnership, we will help you to create your vision.

In control of your environment

12. Increase your safety

In control of your assets

14. Boost your uptime

In control of your fleet

16. Manage your machine

In control of your uptime

18. Protect your investment

In control of your performance

20. Get more from your machine

Complete control

The new Zaxis-7 compact excavators put you firmly in control, so you can feel assured of your machine's performance, and supported by the technological expertise and services that Hitachi provides.

The spacious cab interior provides a more comfortable working environment.

Sensors monitor oil continuously and contribute to preventative maintenance, helping to reduce downtime.

ConSite Pocket app allows you to manage and monitor your fleet remotely.

Options such as Hitachi ground engaging tools enable you to enhance the performance of your excavator.

Improved access to components ensures maintenance is quick and easy.

Integrated console and seat suspension gives a greater sense of control, and helps to reduce fatigue.

Visibility of the job site is excellent thanks to the Aerial Angle camera system and new LCD monitor.

Powerful Stage V-compliant engine does not need an SCR system, reducing life-cycle costs.

The ECO gauge on the monitor indicates how to lower fuel consumption and reduce costs.

The short turning radius and short distance between the bucket and blade make it ideal for confined spaces.

Control zone

Enhanced comfort and safety features are at your fingertips in the refined cab of Zaxis-7 excavators, giving you the power to perform productively, with ease and reduced fatigue.

- 1 **Increased sweeping area of parallel link wiper** enhances visibility in difficult working conditions.
- 2 **Air conditioning and audio** are easily controlled via the monitor.
- 3 **Low-reflective colour 8" LCD monitor** is easy to view and navigate.
- 4 **USB socket and smartphone holder** helps you stay connected.
- 5 **Drinks holder** is easy to detach for cleaning.
- 6 **Blade lever** to adjust speed and angle quickly and easily.
- 7 **Ergonomically designed controls** are responsive and user-friendly, preventing fatigue.
- 8 **Bluetooth®** for hands-free calls and **DAB+** radio for music while you work.
- 9 **Multifunctional control panel** makes operation easier.
- 10 **Improved sound isolation** makes this one of the quietest cabs in the market.
- 11 **Adjustable armrest** – both angle and height are manually adjustable – and **coat hooks** take care of personal belongings.
- 12 **Integrated console and seat suspension** gives a greater sense of control and helps to reduce fatigue.
- 13 **Increased legroom** creates a more spacious cab.
- 14 **Optimal pedal layout** helps to reduce fatigue.

Operation is easy with ergonomically designed controls and switches.

Bluetooth® connection for hands-free calls while you work.
